

## Older Projects....

### 2024

**Fiber Optics-** Three providers have offered to provide Fiber Optic internet throughout town. See Council meeting minutes for more information. May 2024.

**Waste Management site move-** Project costs were reestimated at \$230,000 based on updated specifications. Council opted to NOT proceed with the site move at this price. About \$30,000 of included drainage work adjacent to the project will be completed as part of regular road work. New options to improve/expand the existing Waste site will be estimated & considered. May 2024.

**Traffic Calming-** Currently underway with citations & warnings being issued. Note that this does NOT generate revenue for the city. Most signage has been installed. Stop bars were painted at 4 way stop. Rumble strips are not planned. A radar speed sign was installed. September 2024

**Completed road work:** Striping of entry curve & drive; painting parking lot at Town Hall. June 2024. Drainage work near Police Station; Repairs & Chip Seal sections May 2024. Culvert at Idlewood & Havenwood Drive, Culvert at Indian Harbor Drive, Cedarwood widened, patching & repairs throughout. 2024.

**Dog Club-** A privately managed and funded dog park has been established.

**Solar-** Neither a town microgrid or city site solar is being considered at this time. Jan, 2024.
